

Dextro Energy Triathlon – ITU World Championship Series

AGE-GROUP QUALIFICATION PROCEDURE VIA THE WCS SERIES EVENTS 2010

1. GENERAL CONSIDERATIONS:

- 1.1. The Dextro Energy Triathlon - ITU World Championship Series (hereinafter WCS) creates significant commercial, media and sport development opportunities for National Federations (NFs), Athletes, Local Organising Committee (LOC), Host Cities and ITU. The sustained delivery of high quality and consistency across the programme makes it attractive to sponsors, media and TV broadcasters.
- 1.2. The WCS has six Series events and a Grand Final at the end of the series.
- 1.3. The Series events offer qualification opportunities for Age-Group athletes for the Grand Final.
- 1.4. 2010 WCS Series events that happen before 20th July 2010 will qualify for the 2010 WCS Grand Final.
- 1.5. 2010 WCS Series events that happen after 20th July 2010 will qualify for the 2011 WCS Grand Final.

2. PROMOTION:

- 2.1. The LOC is in charge of informing the athletes about the qualification opportunity for the WCS Grand Final. The LOC newsletters, website, public announcements during the event and at the athletes briefing should be used to explain the qualification criteria and the procedure outlined in this document.
- 2.2. ITU will promote the qualification procedures on www.triathlon.org and other ITU Media platforms such as the weekly ITU Family Newsletter.

3. QUOTA PER AGE CATEGORY:

- 3.1. The quota per age category is based on the participation numbers from the previous WCS Grand Final as per Appendix 1 of this document.
- 3.2. The roll down system will be applied if any of the spots from the category quota are unclaimed.
- 3.3. The roll down system will only apply to athletes finishing in the top 10 of their age category.

4. WCS GRAND FINAL REGISTRATION PROCESS:

- 4.1. Athletes are entered in the Standard Distance Age-Group competitions of WCS series events according to the criteria outlined by LOC.
- 4.2. The LOC is responsible for providing a tent staffed with two people: 1 Technical Official; and 1 volunteer. After the competition, they are responsible for registering the athletes for the WCS Grand Final.
- 4.3. The LOC will provide accurate results, in the 5 year age categories of the Standard Distance Age-Group competition of the WCS Series events, to the Technical Official in charge of registration. The official 5 year age categories are outlined in the ITU Competition Rules. The results will be provided both in paper and electronic support and according with the ITU requirements outlined in the "Event Organisers' Manual (EOM).
- 4.4. After finishing the race, all athletes who have finished in the top 10 of their category and who wish to register for the Grand Final must go to the Registration Area and give their name to the Technical Official thereby indicating that they wish to qualify for the Grand Final. 30 minutes after the last finisher crosses the finish line the registration process stops.
- 4.5. The Technical Official in charge of Registration for the Grand Final will send the race numbers of all athletes who registered, in the correct format, to the ITU Sport Department.

- 4.6. Within 48 hours of receiving the registration information the ITU Sport Department will:
- Confirm all finishers within the quota in their category, (Appendix 1);
 - Confirm the next highest finisher inside each age category to fill any unclaimed spots (if any);
 - Use the ordering table in Appendix 2 to fill all remaining unclaimed spots (if any);
 - Inform the respective NFs about the name and the age category of the athletes qualified from the WCS event and the modified quota places of the country based on the extra qualification spots;
 - Ask the ITU Media Department to make a public announcement on the ITU website with the names, countries and the age-categories of the athletes qualified from the WCS Series events.
- 4.7. The Sport Results Division of the ITU Sport Department will consider the qualified athletes as an addition to the original NFs' quota of 20 athletes / category / gender (25 for the host nation) for the WCS Grand Final.
- 4.8. The qualified athletes are responsible to contact their NF, in order to comply with the internal requirements and to be entered in the Grand Final through the NF, as is indicated in the Competition Rules.
- 4.9. NFs are responsible for entering these athletes for the WCS Grand Final through the ITU Online Entry System.
