

**ITU Triathlon Mixed Relay World Championships  
Qualification Criteria 2014**

- a) The National Federations must enter a maximum of one team into the wait list via the ITU online entry system no less than 60 days before the competition.
- b) 59 days before the competition, the team start list will be published on [www.competitions.com](http://www.competitions.com) and teams will be added from the wait list in the following order:
  - (i) The team of the host nation.
  - (ii) Teams that finished in the top eleven (11) positions in the previous ITU Triathlon Mixed Relay World Championships. If the host nation is among these, the twelfth team will be moved to the start list.
  - (iii) The top team from each Continental Championship/Continental Qualifier event, excluding the teams which previously qualified according to (i) and (ii).

The remaining teams in the wait list will be sorted according to the results in their Continental Championships/Continental Qualifier event. Teams that withdraw from the race will be replaced by the next in the wait list from the same continent. If there are none, the replacement team will be the highest ranked in the Continental Championship/Continental Qualifier event, in case of same position, the first entered in the wait list.

- c) Late Entries: Entries received 59 or fewer days before the first competition day will be placed at the bottom of the wait list at the time the National Federation entered the team into the ITU online entry system.
- d) Invitations: 55 days before the competition day, ITU will award invitations up to 20 teams in the start list, based on the requests emailed by respective National Federations to [entries@triathlon.org](mailto:entries@triathlon.org). This number will be increased with the continents, which have not eligible teams to qualify via b) (ii). Continents that do not have a Continental Championship/Continental Qualifier event will be considered prioritaire in the allocation of invitations.
