We are pleased to inform you that the MORF Technologies Tri-Fold Bar is acceptable for use in ITU draft-illegal competitions.

Copied below are the draft-illegal handlebar rules showing that these MORF Technologies Tri-Fold bars can be legally used in this type of competition

These bars are NOT suitable for any ITU draft Legal races either Elite or Age Group.

5.2 Equipment

f) Handlebars

(iii) For draft-illegal competitions, the following rules on handlebars apply

Only handlebars and clip-ons bars not extending beyond the leading edge of the front wheel will be permitted. Clip-on bars in two pieces do not need to be bridged. All tube ends have to be plugged

Please note, that we are not in a position to certify these Tri-Fold bars; however we are able to acknowledge that the construction and design allows them to be used in draft-illegal races as specified above.
