

2021 Prize Money

Each World Triathlon Championship Series race offered a total prize purse of \$150,000, with the World Triathlon Championship Finals offering \$280,000. The 2021 bonus pool hit \$750,000 and, as in 2019, is extended to the top 35 athletes, with the male and female World Champions each taking home \$80,000 following the Championship Final in Edmonton, on top of the prize money earned at each event.

The Mixed Relay Series events see the winning teams split a prize of \$12,500, out of a total \$50,000 up for grabs in the dynamic female-male-female-male triathlon race. The World Triathlon Cup events and the U23 World Championships each provide \$60,000 prize money.

2021 Prize Money (\$USD)
