

## **2024 Continental Championships Quotas**

**Updated on 11/01/2024**

The World Triathlon Competition Rules includes the common procedure of the creation of the start lists, with certain specifications depending on the event.

In general, there are National Federation quotas and Host National Federation quotas, which determine the maximum number of athletes to be admitted in the initial allocation of the spots, which will be determined by position in World Triathlon Ranking position. In case the event is oversubscribed, not all the National Federations may reach the maximum quota. In case this initial allocation is lower than the number of spots to be allocated, the National Federations' quota may get exceeded compared to the number outlined event by event, first by one per National Federation, then by two per National Federation, etc. This continues till reaching either the indicated limitation in the rules or till the completion of the start list. These exceeded quotas are not permitted for all the events.

The key dates for all the events are:

- Tuesday before 30 days before the first competition day start lists will be produced.
- Substitution and free withdrawals are admitted till Friday after the start list production.
- Invitations will be on Saturday.

The quotas for the different 2024 Continental Championships are:

### **Elite Triathlon Standard Distance:**

- Africa: Hurghada/EGY 31/05-01/06 2024  
Same race as U23 Continental Championships.
