Personal Safety

Prior to departing for Ibiza, make sure your closest back home know where you are and what to do if something bad happens (hopefully not!). As for those who come with you to Ibiza, friends and relatives, they should also know what to do and who to contact back home in case of an accident, for example.

Cycling Ibiza: on the road, please always in single lines. Cyclists must abide by traffic regulations and rules on the road. Be aware! Your cycling training is at your own risk.

Drive the course: we recommend you to drive the competition course (when possible) to become more familiar with it!

Medical issues: during the races, injured or ill athletes will be assessed and admitted to the Medical Tent should the medical staff deem it appropriate. If an athlete was sent to the Rosario's Clinic, the related medical costs will be paid directly by the athlete. The medical staff will do their best to get you back on your feet as soon as possible.

Training

If you are going to race in the European Multisport Championships IBIZA 2018 and you need to train your swimming, there are some facilities on the isle you can use. Some of them also have gyms and athletics tracks. To access the swimming pools you will have to pay just 4€ or 5€. Here goes the list of the facilities available. We hope it is useful! Should you need further information, just give them a call! Check the options **HERE**.
