Race Distances

Swim 750m (1 lap), Bike 20 Km. (1 loop), Run 5km (2 loops)

Categories

Note: open only to athletes entered by their NFs through ITU.

There are nine sport classes in paratriathlon that compete in six medal events:

- **PTWC1** - Most impaired wheelchair users. Athletes must use a recumbent handcycle on the bike course and a racing wheelchair on the run segment; Includes athletes with comparable activity limitation and an impairment of, but not limited to: muscle power, limb deficiency, hypertonia, ataxia or athetosis.
- **PTWC2** - Least impaired wheelchair users. Athletes must use a recumbent handcycle on the bike course and a racing wheelchair on the run segment; Includes athletes with comparable activity limitation and an impairment of, but not limited to: muscle power, limb deficiency, hypertonia, ataxia or athetosis.
- **PTS2** - Severe impairments. In both bike and run segments, amputee athletes may use approved prosthesis or other supportive devices. Includes athletes with comparable activity limitation and an impairment of, but not limited to, limb deficiency, hypertonia, ataxia and or athetosis, impaired muscle power or range of movement.
- **PTS3** - Significant impairments. In both bike and run segments, amputee athletes may use approved prosthesis or other supportive devices. Includes athletes with comparable

activity limitation and an impairment of, but not limited to, limb deficiency, hypertonia, ataxia and or athetosis, impaired muscle power or range of movement.

- **PTS4** - Moderate impairments. In both bike and run segments, amputee athletes may use approved prosthesis or other supportive devices. Includes athletes with comparable activity limitation and an impairment of, but not limited to, limb deficiency, hypertonia, ataxia and or athetosis, impaired muscle power or range of movement.
- **PTS5** - Mild impairments. In both bike and run segments, amputee athletes may use approved prosthesis or other supportive devices. Includes athletes with comparable activity limitation and an impairment of, but not limited to, limb deficiency, hypertonia, ataxia and or athetosis, impaired muscle power or range of movement..
- **PTVI1** - Includes athletes who are totally blind, from no light perception in either eye, to some light perception. One guide is mandatory throughout the race. Must ride a tandem during the bike segment. A guide from the same nationality and gender is mandatory throughout the race. Must ride a tandem during the bike segment.

PTVI2 - Includes athletes who are more severe partially sighted athletes. One guide is mandatory throughout the race. Must ride a tandem during the bike segment. A guide from the same nationality and gender is mandatory throughout the race. Must ride a tandem during the bike segment.

- **PTVI3** - Includes athletes who are less severe partially sighted athletes. One guide is mandatory throughout the race. Must ride a tandem during the bike segment. A guide from the same nationality and gender is mandatory throughout the race. Must ride a tandem during the bike segment.

Both PTWC1 and PTWC2 classes compete in the same PTWC Medal Event. All the ambulant classes (PTS2-PTS5) compete in their own medal event and the three visual impaired classes (PTVI1, PTVI2 and PTVI3) compete into the PTVI medal event.
