Weert, 28-03-2019

Dear colleagues,

In just over two months, thousands of people — athletes, coaches, officials, staff, volunteers and many others — will gather in Weert for the Triathlon European Championships 2019. In this email we are informing you about important information regarding our accreditation process. We kindly urge you to read this email carefully.

Our accreditation partner

The safety and security of our guests is our highest priority. To contribute to that, to make the accreditation process more efficient and to be compliant with the General Data Protection Regulation (GDPR) we have chosen the online platform Accredion as our accreditation partner. As long-time accreditation partner of the Eurovision Song Contest (+10,000 accredited people) they have extensive experience with the complexity of large scale international events and secured processing of personal data.

The process

- No later than Friday **12 April** the Head of Delegation of each NF will receive an invitation by email to sign up for Accredion, as well as instructions on how to use the online platform Accredion.
- The Head of Delegation is responsible for the accreditation of all NF athletes, coaches, representatives, team medicals and mechanics who require access at the event, in accordance with ITU accreditation guidelines.
- As of Monday **15 April** 12:00 CEST the Head of Delegation can send email invitations to everyone who should be accredited. Only invited applicants will be able to sign up and submit their application.
- **Every individual is required to personally apply for their accreditation.** Applicants will be asked to provide basic personal details, ID document details and a recent passport-style photo and should be not older than one year. Name and photo will be printed on the accreditation badge.
- Applicants can submit their application until Sunday **12 May**, 23:59 CEST. The Head of Delegation must review (approve or reject) all applications before Friday **17 May**, 23:59 CEST.

Please note that registered athletes will also be required to apply for accreditation through this process. Further details about accreditation, including the pick-up of badges before and during the event, will be made available closer to the event.

For questions about the accreditation process, please contact roger.stienen@asml.nl

Best regards,
Roger Stienen
