2021 World Triathlon Winter Cup Asiago

Oh yes!!!

Asiago has become a firm favourite amongst athletes from all over the world. Superb organisation. A tough and technical course. Host city to the World Championships in 2019 and 2020.

This year the World Championships have moved to Andorra but **Triathlon 7C**, the organisers, have decided to offer a festival of winter sports over three days that will offer something for everyone.

- Winter Triathlon World Cup - Elite on Friday 19th February
- Winter Cross Duathlon - Kids, Youth and Age-Group on Saturday 20th
- Italian National Championships - Elite, U23 and Age-Group on Sunday 21st

The Winter Triathlon World Cup will be open for Elite and U23 athletes, but the Winter Cross Duathlon will be open for all categories. If you want to really make the most of the weekend, why not stay on and race as invited guests at the Italian National Championships. You might win a medal but only those who are members of FiTri.

There is an option of cost-free ski equipment rental hire this year. Another great gesture from **Triathlon 7C**. (<https://www.competitions.com/7c>)

The organisers have worked closely with World Triathlon to ensure that the event in 2021 is even better than it was in 2020.

The courses remain the same but the addition of extra events will make it a really worthwhile trip and give you a great opportunity to test your race fitness in preparation for the European Championships that will take place once again in Cheile Grădiștei, Romania, on 13th and 14th March, ahead of the World Championships in Andorra, which will be held over the following weekend, 19th to 21st March.
