EXCITING TRIATHLON SPORT IN WELS

After the first Europe Triathlon Junior Cup last year, the National Championships will also take place in Wels this year. As a cycling-friendly city on the Traun River with many beautiful running courses, Wels has the perfect facilities for this. With such high-calibre international events, the advertising drum for the sport of triathlon will also be beaten in our city. And perhaps the young spectators of today are the participants of tomorrow!

Wels is constantly striving to create perfect opportunities for sports practice together with the sports clubs. Be it for high-performance sports or for mass sports, which form the basis for many top sporting performances. Only good work with young talents and a good offer for mass sports will also produce top athletes who are internationally successful.

This is what the city of Wels stands for, and this is why we have maintained a positive and constructive exchange with the sports clubs for years. Through these youth sports events, we make it possible for future competitive and also professional athletes to compete nationally and internationally and to compare their performance. And hopefully we will interest watching young people from Wels in the sport of triathlon and hope for talents from our city who will compete in these events in the future.

The most interesting thing about this event is that it can be watched by spectators almost all the time, creating a wonderful atmosphere. The start will be in the water of the Traun, then we will change to the completely closed bike course through Wels, and finally there will be the run course, which will lead in several laps through the Burggarten via the old town to the city square and through the Ledererturm.

I wish the organisers and participants a successful, fair and accident-free competition and the spectators exciting duels!

Modern, air-conditioned rooms and junior suites are located in the unique historic building of a Wels town house.
The sportsman's breakfast guarantees a successful start to the day. Hauser porridge or muesli, jams, spreads (also vegan), egg dishes, cakes - regional ingredients, homemade and prepared with love. We are happy to accommodate special requests. Our tip: Have breakfast on the terrace!

For that special feeling of well-being, we offer a leisure area above the roofs of the city with sauna, fitness equipment and sun terraces. Urban cosiness meets hospitality that comes from the heart. The personal commitment of director Sophie Schick and the staff, the attention to individual needs and the unique atmosphere inspire our guests.

The Boutique Hotel Hauser is already well known as a road bike hotel. Several racing bike world champions have chosen our hotel in the heart of Wels city centre, such as the two world champions Mario Cipollini and Mark Cavendish, or local hero Felix Großschartner.
