

BEFORE LEAVING HOME

Travelling and competing during COVID-19 Pandemic require additional safety checks to be in place. World Triathlon makes a huge effort to provide the safest possible environment for all participants. Below we have summarized the main steps you need to do BEFORE you leave travel to Kitzbuhel.

Make sure you have an account at the triathlon.org website

You have to upload all relevant documents to the triathlon.org website from your own account. For that you need access to your member login. In case you don't have one yet, follow the instructions below to get it. All other attendees can upload their documents without an account.

Have a signed Pre-Travel Medical Certificate

Athletes only: Have the World Triathlon Pre-Travel Medical Certificate available, signed by you and your doctor. See the link to the screening guide below for details.

Athletes under 18 only! -Have the Parental Consent Paper filled in

You need parental consent that allows us to perform an on-site Covid test as part of the registration process. Fill in the form in all its sections and make sure it is signed by your parent or legal guardian. You will not be able to register to the event without it.

Get a Pre-Travel Covid Test

You need to show a PCR test no older than 72 hours OR an antigen test no older than 48 hours. Tests need to be issued by a medical authority; self-tests are not valid. Tests that must currently be taken to gain entry to Austria are valid as pre-travel tests.

Get your vaccination certificate

If you have received a Covid-19 vaccination, have a copy of your vaccination certificate ready.

Upload all relevant documents to the triathlon.org website

Follow the instructions at https://triathlon.org/pre_event_covid_19_screening_guide on how to upload all relevant documents. All documents have to be uploaded before you register on Thursday (17/6/21)!

Get yourself - FFP2 masks

FFP2 masks are required on public transport and in other public spaces

This is not the full list of Covid measures you can expect at the event, but should help you to prepare. It can only be seen as guideline. Read the Athlete's Guide and Concept Paper on the [Kitzbuhel](#) event pages at triathlon.org for all details. Also check the government guidelines of Austria and your home nation, as well as the appropriate airline information for the latest updates. Have a safe journey we look forward seeing you there!
